MANY PERSONS LOSE LIVES IN COLLISION

Cat Boat Run Down By a Tug-boat in Hudson River.

Seven Men Drowned by a Collision in Delaware River Yesterday.

A PLEASURE LAUNCH EXPLODES

Yonkers, N. Y., Oct. 23.—Five persons, the body of one having been recovered, are believed to have been drowned by the running down of a catboat by a tug off South Yonkers. Members of the South Hudson Boat Club heard cries for help out on the river and in the heavy mist that prevailed were able to make out the outlines of a capsized sailboat and of a tug that was running rapidly down the river. The yachtsmen found the catboat deserted and with her side stove in. In a caboat aboard the boat they found a list of names which proved to be those of a party who had gone sailing in the boat. They were Edward Nelson, the owner of the boat; his son Edward, Benjamin Benson, P. Simpson and Carl Thompson, all of South Yonkers. This evening the body of Benson was found not far from the scene of the collision. Nothing had been heard of the missing men up to a late hour tonight.

Seven Men Drowned.

Beverly, N. J., Oct. 23.—A launch containing ten men, all of Philadelphia, collided with a barge in the Delaware river off this place late yesterday afternoon, resulting in the drowning of seven of the occupants of the little boat. The other three were rescued by the crew of the tug boat Bristol, which was towing the barge when the accident happened. Those rescued are Captain John Winch, owner of the launch; W. E. Russell and G. Rutherford.

Up to a late hour the names of only three of the victims were obtained. They are Allen Winch, son of the owner of the launch; John Ellis and a man named Russell.

The launch was hired by eight of the men, most of Philadelphia. The elder Winch took his son along to assist him in running the boat. Opposite this place the launch met the tug Bristol, in command of Captain Mott which was towing a barge to Bordentown. Whether Captain Winch saw the barge is not known; nevertheless he attempted to cross the tug's stern. Captain Mott hailed him and tried to prevent him from doing so. Captain Winch was standing at the wheel of the launch as he went around the stern of the tug. The hawser of the tug struck him and knocked him overboard. Before the Captain's son or any other member of the party could take the wheel to steer the launch clear of the barge the latter struck the frail boat amidship, capsizing it.

Launch Explodes.

St. Louis, Mo., Oct. 23.—A gasoline launch containing four passengers, making its first trip on the Mississippi river, exploded yesterday afternoon near Ivy station, fourteen miles below the city, and two of the passengers are supposed to have been drowned, the other two being probably fatally burned.

The missing: FRED PHEE, UNKNOWN MAN.

The injured: Edward Duffy, Sr., Edward Duffy, Jr., Edward Duffy, Sr., and Phee had constructed the launch and were making a trial with the new craft Duffy's son and a friend of Phee went along.

HON. J. WHEELER CAMPBELL

Will Deliver the Elks' Address at Mayfield, Ky.

Mayfield, Ky., Oct. 23.—Judge Bunk Gardner is in receipt of a letter of acceptance from Hon. J. Wheeler Campbell, of Paducah, to deliver the annual memorial address for the local Elks. Mayfield lodge, recognizing the ability of Mr. Campbell as an orator, sent him an invitation to deliver the address, which he cheerfully accepts.

Memorial day this year will fall on Sunday, November 19th, and services will be held in the court house in the afternoon of that day.

BARON DE ROSEN

May Become Foreign Minister of Russia.

St. Petersburg, Oct. 23.—It is reported that Baron De Rosen, the Russian ambassador to the U. S. and one of the Russian envoys at the Portsmouth peace conference, will succeed Count Lamsdorff, as foreign minister.

JERRY SIMPSON DEAD.

Noted Populist Passes Away After a Long Illness.

Kansas City, Mo., Oct. 23.—Ex-Congressman Jerry Simpson died early this morning at Wichita, Kan., who was one of the best known politicians in the country during the palmy days of populism, had been ill for a long time, and his death was expected.

PREACHER STRICKEN.

In His Pulpit at Cincinnati and Never Recovered.

Cincinnati, Oct. 23.—Rev. Dr. John F. Baird, pastor of the Linwood Presbyterian church here was attacked by cerebral hemorrhage while in the pulpit yesterday morning. He was carried home but never regained consciousness and died several hours later.

ALL QUARANTINES ARE BEING RAISED

Yesterday Was the Fifth Day on Which no Deaths Occured.

Today Mississippi Will Raise All Quarantines—Louisiana Follows Shortly.

THANKSGIVING SERVICE HELD

Yesterday's Report.

New cases, 2.
Total, 3361.
Deaths, 0.
Total, 435.
New foci, 73.
Discharged, 2853.

New Orleans, Oct. 23.—While yesterday was the fifth consecutive day on which no deaths were reported which in itself was the cause for much general satisfaction the most gratifying information came in the shape of a telegram from the state health office of Mississippi that at 6 p. m. Monday all Mississippi quarantines will be raised.

Though Dr. White would not confirm the statement it is generally reported that practically the whole force employed by the Marine Hospital service here would be honorably discharged within the next week or ten days in view of the practical extinction of yellow fever in New Orleans.

There seems to be a general desire to have all of the service remain here until the president's arrival in order that they may participate in a formal presentation of the federal fever fighters to the president, an event which it has been arranged will take place at the city hall. The emergency hospital has been finally closed.

A Thanksgiving service marking the close of the fever fight, is being arranged to take place at Trinity church on Sunday night.

Texas Lifts Lid.

Austin, Tex., Oct. 23.—State Health Officer Tabor states that he will today raise the quarantine of the state of Texas against non-infected points in Louisiana and Mississippi; that such action is taken in view of the second cold spell which penetrated the south. However, the quarantine against New Orleans and other infected points will continue in force.

IN TEN DAYS

I. C. Trains Will Be Running Over the Tennessee Central.

Nashville, Tenn., Oct. 23.—"The Illinois Central and Southern railroad will run their trains in and out of Nashville within ten days over the tracks of the Tennessee Central railroad," said President Stuyvesant Fish, of the former road, just before the departure of the Illinois Central officials and directors from Nashville. The statement was concurred in by General Counsel A. P. Humphreys, of the St. Louis-Louisville line of the Southern railway, who was here representing President Spencer of that road.

Missionary Day at Trenton.

Trenton, Tenn., Oct. 23.—Yesterday was general Missionary Day at the Methodist church here. Miss Alice Waters, who has spent thirteen years as a missionary in China, made an interesting talk after an introductory address by the pastor, Rev. W. C. Waters. Miss Waters has been the recipient of many social features here and the welcome given her was very marked. She is claimed as Trenton's missionary, having been educated and sent to the mission field through the efforts of Mrs. Elizabeth Taylor, deceased.

There's more than the difference of one letter between creeds and deeds.

A BIG STRIKE ADDS TO RUSSIA'S WOE

Several of the Big Trunk Lines Completely Tied Up.

Strikers Becoming Violent—Famine of Milk and Meat Being Felt Already at Moscow.

THE STRIKE IS SPREADING

St. Petersburg, Oct. 23.—The strike on the railways is spreading. The last accession to the ranks of the strikers are men from the districts of Saratoff, Samara, Kobursk and Koslov, who joined the movement with enthusiasm.

The traffic on seven of the nine main trunk arteries of commerce radiating from Moscow was completely paralyzed yesterday by the railroad strike, and the commercial heart of Russia has been shut off from all communication with the rest of the empire except with a narrow section to the northwestward, including St. Petersburg and the Baltic provinces. Though the government ordered the railroad battalions of the army to proceed to Moscow, and take the place of the strikers for the purpose of restoring traffic, the revolutionists by a sudden and unexpected blow have shown their ability to lay hands on the throat of the nation's commercial life.

The strikers forced the employees in the general offices and financial departments of three lines, the Windau and Rybinsk, the Moscow and Brest-itovsk and the Kieff and Voronezh to quit work. The city of Moscow is already feeling the effects of a milk and meat famine and a few days continuance of the strike will cause serious embarrassment and even suffering to the population. The renewal of the factory strikes is not improbable.

LARGE CROWD

Attends the Unveiling of Monument at Mt. Kenton.

Evergreen Circle, Woodmen of the World, unveiled the monument at the grave of Mrs. Moss Council, wife of Mr. Moss Council, yesterday afternoon at Mt. Kenton cemetery in the presence of a large number of people. The ceremonies were conducted by Mrs. William Kyle, assisted by Mr. J. W. Helsley, district manager for this section of the Woodmen of the World. Several Woodmen and members of Evergreen Circle, which is an auxiliary of the Woodmen, went out from here in carriages.

METROPOLIS WEDDINGS.

Two Couples From Barlow, Kentucky Married Yesterday.

Justice Thomas Liggett, of Metropolis, Ill., yesterday married two couples from Barlow, Ballard county, Ky. They were:

Huey Duley and Bertha Chapman, and Orville Virgin and Colon Murphy. They were married at 9 a. m. yesterday at the Julian Hotel.

Saturday Justice Liggett married J. W. Burnett, of Cincinnati, and Miss McEldred Hankins, of Metropolis.

BIG NAVAL REVIEW.

Admiral Togo Sees 308 War Ships Steam By.

Yokohama, Oct. 23.—The great naval review occurred today. The emperor and Admiral Togo reviewed three hundred and eight warships.

A Steamer May Be Missing.

Cleveland, O., Oct. 23.—Fears are entertained here for the safety of the steamer H. J. Hecker, which carries a crew of twenty-three. She was last reported Friday, passing St. Claire river.

CREW PUT TO WORK ON PUMPS MUTINIED

They Were Kept at Their Tasks Until the Steamer Landed.

The Captain and Others Badly Shot and Cut in a Fight Which Followed On Land.

TWO MEN WERE ALSO KILLED.

New York, Oct. 23.—Following a mutiny of the crew of the schooner Ida B. Gibson, bound from Norfolk for this port, two men were shot today, two stabbed, and one is missing, and was probably murdered. The schooner is fast settling and will likely soon be at the bottom of the river at the pier, where she is tied up. The mutiny developed after the schooner ran aground on a bar outside of Norfolk early last week and stove in her sides.

In order to keep her from sinking, the crew was put at the pumps. The crew rebelled but with the use of belaying pins the captain kept the men in check until the vessel was tied up here.

The men were paid off and left the vessel. The quarrel in which the stabbing and shooting figured occurred in a drinking resort. Captain Bradley was severely stabbed and the others shot and cut. The police reserves quelled the row after a desperate battle.

GRUNDY ROSE

Hurt By An Unknown Man at 13th and Broadway.

"Grundy" Rose, a street car employee, was struck in the neck by a railroad man giving name of Scott, near 13th and Broadway last night because of a dispute over the street car trouble.

The police are investigating the matter today. Rose was in charge of a car and it is said the railroad man provoked the dispute and ended by striking Rose with knuckles. The wound was dressed by the street car surgeon and is not serious. No warrant has yet been issued.

SUSPECT CAUGHT.

Thought to Be Harry Blake, Wanted in St. Louis.

The Mayfield authorities last night received a telegram from East St. Louis saying that a negro was under arrest there on suspicion of being Harry Blake, the negro who killed Hattie Boatwright, colored, in Mayfield several weeks ago. The descriptions do not tally and instead of sending a man to East St. Louis to identify the prisoner, the Mayfield authorities have asked for his photograph.

NOTHING SERIOUS.

But Several Missiles Were Thrown at Street Cars Last Night.

There have been a few fights as a result of the street car trouble, but none very serious. The cars run regularly, although occasionally, under cover of darkness, someone throws stones at the cars when they reach the outskirts of the city, and even shoots at them. Several shots are reported to have been fired last night, but no one was hurt, and it is not believed that they were fired at a car, but merely to frighten someone.

DETECTIVES OFF.

They Say It Is the Most Important Trip They Ever Took.

Detectives Baker and Moore left at noon for the Louisville division of the I. C. They say they are going on the most important trip they have ever made out of Paducah in their official capacity. They will return tonight or tomorrow morning, and would tell nothing of the nature of the case.

PLEADED NOT GUILTY.

Did All the Packers When Cases Were Called Today.

Chicago, Oct. 23.—The indicted packers today filed a general and special pleas to the charges that they conspired to restrain trade, thereby violating the anti-trust laws. They pleaded all the allegations, pleaded not guilty and asked that the indictments be dismissed.

Earthquake in Vermont.

Newport, Vt., Oct. 23.—The heaviest earthquake ever felt in this section occurred yesterday. The vibration shook houses and caused considerable alarm.

Miss Roosevelt Arrives.

San Francisco, Oct. 23.—The steamer Siberia, with Miss Alice Roosevelt aboard, was docked here this afternoon.

SWELL CLUB HOUSE

At Chicago Burns, Entailing a Loss of \$120,000.

Chicago, Oct. 23.—Fire this morning destroyed the handsome house of the Saddle Club, on Sheridan road, and Foster avenue. The loss is a hundred and twenty thousand dollars. The club house was a center for social gatherings for wealthy people.

ANOTHER DEATH.

From the Gentle Game of Football.

Willimantic, Conn., Oct. 23.—Jno. C. Dondoro, aged 27, died as a result of an injury received in the football game at Jewett City Saturday. Dondoro was a member of the Willimantic team. A brother of Dondoro will lose one eye as the result of a kick during the game.

GOOD PROMOTION FOR WILLIAM S. KING

Popular Railroad Man Made General Supt.

Of the Y. and M. V. to Succeed M. Gilles—Mr. King Is Well Known in Paducah.

WITH I. C. SEVERAL YEARS

At a meeting of the board of directors of the Yazoo and Mississippi Valley railroad held in Memphis, William S. King was named general superintendent of that road, which is operated by the Illinois Central. He succeeds M. Gilles in the position, but the latter still maintains his relations with the Yazoo and Mississippi Valley and will be the third vice president of that road.

There were present at the meeting at which Mr. King received his promotion Stuyvesant Fish, president of the Illinois Central and Yazoo and Mississippi Valley; J. C. Welling, first vice president; J. T. Harahan, second vice president, and W. M. Beech, of New York and W. B. Mallory of Memphis, of the board of directors.

As general superintendent of the Yazoo and Mississippi Valley, Mr. King will have entire charge of the operation of the road.

Mr. King has been connected with the Illinois Central and Yazoo and Mississippi Valley roads since 1892. His first position was that of superintendent of the New Orleans division of the Yazoo and Mississippi Valley. Afterwards he was made superintendent of the Mississippi, Tennessee and St. Louis divisions of that road, in the order named. Oct. 1, 1903, Mr. King was made assistant general superintendent of the Yazoo and Mississippi Valley, with headquarters at Memphis, and has held that position continuously from that time until he was made general superintendent as stated above.

Prior to his connection with the Illinois Central and Yazoo and Mississippi Valley roads, Mr. King was with the Big Four road in the capacity of chief train dispatcher and later was trainmaster on the Chesapeake and Ohio.

Mr. King is well known in Paducah, having often come here while superintendent of the Tennessee division and of the St. Louis division, of the Illinois Central.

HOUSE AFIRE

But Gov. Folk Got Out His Wife and Turned in an Alarm.

Jefferson City, Mo., Oct. 23.—The executive mansion caught fire this morning in the reception hall just below the sleeping apartments of Governor and Mrs. Folk.

The smoke aroused the governor, who assisted his wife from the building and turned in an alarm. When the fire department arrived he took charge and in a short time the fire was extinguished. The loss will not exceed a thousand dollars. The fire originated from a defective electric wire.

QUARANTINE LIFTED.

People Now Free to Come and Go at Memphis.

Memphis, Tenn., Oct. 23.—At noon Saturday the quarantine was lifted. Official action was taken by both branches of the legislative council sitting in joint session. The vote was unanimous. Dr. Jones, president of the board of health, advised that all danger was at an end. He recommended that all further efforts to guard the city be abandoned. The quarantine was declared officially ended at high noon.

Many vain regrets are concealed in the stubs of check books.

JOHN ALLEN STRUCK BY CARS AND KILLED

Well Known Caulker Horribly Mangled on 1st St. Trestle.

Had Been Drinking and Was Apparently Asleep—Train Coming Down Grade

AND COULD NOT BE STOPPED.

John Allen, a well-known caulker, was struck by a string of freight cars pushed by switch engine No. 199, on the Illinois Central trestle near First and Jefferson streets about 10 o'clock yesterday morning, and instantly killed. His body was badly mangled, and two cars had to be uncoupled and pulled in opposite directions before the remains could be extricated.

According to the evidence, Allen was sitting on the trestle, apparently in a stupor, or asleep. The switch engine, in charge of Engineer Robert Deloach and Foreman W. A. Mundy, had twelve cars in front pushing them, and three behind. It had a good start down First street, which is a rather steep grade.

Mr. Charles Fitzpatrick, the transfer man, was in a buggy nearby, and attempted to warn the man of his danger, but it was too late. The train crew did all possible to warn the man after seeing him, and to stop the engine, they testified, but the grade was too steep and the momentum of the cars too great.

Allen's body was struck and dragged about forty feet out on the trestle, the train finally being stopped. This is about all the evidence there was before the coroner's inquest yesterday afternoon, and the jury returned a verdict that the deceased came to his death by being run over by a string of cars on the Illinois Central trestle, fixing no blame.

Allen lived at Point Pleasant, W. Va., and has a father in Parkersburg. It is understood he was formerly married, but obtained a divorce.

He had been a resident of Paducah about seven years; and was about 28 or 30 years old. He went to Mrs. Maggie Stokes', 226 South Fourth street, about a month ago to board, and failed to come to supper Saturday night for the first time. It is understood that he was drinking. The next they heard of him was yesterday morning when they were notified of his death.

The remains were so mangled that it was impossible to embalm them. A telegram was received today from a brother of the deceased at Point Pleasant, saying that he would arrive tonight and arrange either to bury the remains here tomorrow at 10 o'clock, or to ship them away.

TEN PEOPLE KILLED IN A CHILEAN RIOT.

Santiago, Chili, Oct. 23.—Ten persons were killed and hundreds wounded in a conflict between police and rioters yesterday.

The rioters were received at a meeting called to petition the government to abolish the import tax on Argentine cattle.

Troops sent from the city and police, charged on the rioters with the result named. This did not quell the mob, which destroyed street cars and smashed electric lights.

HISTORY OF BIG WAR.

Has Been Ordered Written By the Mikado—Uncle Sam to Get a Copy.

Birmingham, England, Oct. 23.—Advices to the Post from Tokio say that the Mikado has directed that a history of the war with Russia be written by the chief officer who is directing the military and naval operations, and that it shall be placed in the state archives. A copy will be given the U. S. government in recognition of the part played by President Roosevelt in bringing about peace.

PRESIDENT ROOSEVELT

Visits Alabama and Stops at Montgomery.

Montgomery, Ala., Oct. 23.—President Roosevelt arrived here about noon and made a short speech from the end of the car. He said the last time he visited Montgomery was with his regiment and wished he could meet all his friends.

No New Scarlet Fever.

For the past few days there have been no new scarlet fever cases in the city or county, which indicates that the disease is dying out. There has not been a single death from the disease, although there were about fourteen cases in Paducah and several in the county.

J. L. WOLFE

A Scene from "The Fortune Teller," at The Kentucky Matinee and Night,
Wednesday, Oct. 25.

Theatrical Notes

Tonight "Parsifal"
Tuesday night "Eternal City"
Wednesday matinee and night
"The Fortune Teller"
Saturday matinee and night
"The Great Barlow Minstrels"

The most remarkable success of
season is a play called The Clansman,
a play from the book of that name
by the Rev. Thomas Dixon, Jr. The
south has gone crazy over it. Some
of its scenes in the color question
are dangerously sensational. It played
to over \$12,000 in a week of night
stands in Virginia.

Ben Hur played to \$7,000 in one
week in Winnipeg.

Henrietta Crossman's new play,
Mary, Mary, Quite Contrary, is very
like an old and popular comedy called
The Scrap of Paper.

One of the hits of the season is
predicted for Maud Adams in Peter
Pan.

Saturday's Nashville Banner says
of "The Fortune Teller," which
comes to The Kentucky Wednesday:
"While the audience which witnessed
the initial performance of 'The
Fortune Teller' at the Vendome last
night was not large it was an appreci-
ative one. That they enjoyed the
beauties of Victor Herbert's fine
production was very much in evi-
dence from the rise of the curtain
to its fall."

Another pleasing feature of "The
Fortune Teller" is that it is presented
by an excellent company, which,
of course, contributes in large meas-
ure to its success. The chorus is
large, possesses good voices, espe-
cially the male portion, and the cos-
tumes are appropriate and pretty.

Miss Grace Orr Myers made a
most bewitching little gipsy fortune
teller and she charmed her audience
with her daintiness and good sing-
ing and acting. She has a voice of
wonderful sweetness and she had
scarcely tripped upon the stage be-
fore she established cordial relations
between herself and the audience.
These were further strengthened as
the production progressed.

Mr. Henry Turpin who plays Miss
Myer's gipsy lover, has an unusually
sweet baritone voice and he gives an
intelligent and finished interpreta-
tion to the part.

The comedy of "The Fortune Tel-
ler" is well cared for by Messrs. Jas.
McElhern, Milton Dawson, Herman
Hirschberg and others.

A bad show with a liar in advance
often draws as big a crowd as the
good show with an agent who sticks
to the truth. But "The Forbidden
Land" comes to Paducah with a
name it established last season. An
additional proof of its worth is the
following from the St. Louis Globe
Democrat: "The Forbidden Land
will be widely known in St. Louis to-
day as an honest show giving much
more than it promises."

R. C. Mahaffey, in advance of Al-
berta Gallatin in "Cousin Kate," is
at the Palmer. This popular star will
be at The Kentucky shortly.

"The Eternal City," Hall Caine's
great story, will be played at The
Kentucky tomorrow night, and the
indications are for a big house.

Lovers of good old-fashioned min-
strelsy, will be pleased to learn of the
early appearance of the Great Barlow
Minstrels, who come to this city on
Oct. 28, matinee and night, at The
Kentucky for two performances. The
oldest organization of its kind on the
road today, it bears the proud dis-
tinction of being one of the best in
its line.

HON. JAMES M. COLE

NOMINATED FOR LEGISLATURE
FROM CALLOWAY COUNTY.

President Roosevelt and Hon. John
W. Yerkes Were Endorsed.

Murray, Ky., Oct. 23.—Pursuant
to call the Republicans of Calloway
county met in mass convention at the
court house here Saturday at 2
o'clock to nominate a candidate for
representative.

The convention was called to or-
der by County Chairman D. L. Red-
den.

Mr. Cole and Downs organized the
convention, placing A. Downs in the
chair. A resolution was then passed
authorizing the chair to appoint a
committee on resolutions.

The committee retired and reported
a strong set of resolutions endor-
soring President Roosevelt. Hon.
John W. Yerkes and Chairman Ernst.
The resolutions also recommended
Hon. James M. Cole as the party's
choice for representative from Callo-
way and was endorsed and approved
by a decided majority of the conven-
tion.

James M. Cole, the nominee, is a
staunch and enthusiastic Republican
and the former postmaster of Mur-
ray.

KENTUCKY NEWSLETS

Fire at Central City.

Central City, Ky., Oct. 23.—Fire
destroyed the residence of Hender-
son King, ex-marshal of the town.
The building, a cottage, was the prop-
erty of David A. Whitmer. Only a
portion of the household goods was
saved. The fire is supposed to have
been started by rats and matches.
This is the second fire in one week,
both being total losses, as there is
no fire protection here, owing to a
difference between the town board
and the water company.

\$250 Reward for Murderer.

Hickman, Ky., Oct. 23.—Governor

hitching his horse.

W. I. Clarke Won.

Smithland, Ky., Oct. 23.—The pri-
mary Saturday to select a Democrat-
ic candidate for county attorney
passed off quietly and only a small
vote was polled. The total vote was
717. W. I. Clarke, the editor of the
Livingston Democrat, is the nomi-
nee. The vote for each candidate was:
W. I. Clarke, 283; C. O. Lasher, 250;
G. H. Rappolee, 170; C. W. Watts, 15.

ONLY A SUGGESTION

But It Has Proven of Interest and
Value to Thousands.

Common sense would suggest that
if one wishes to become fleshy and
plump it can only result from the
food we eat and digest and that food
should be albuminous or flesh-form-
ing food, like eggs, beefsteak, and
cereals; in other words the kinds of
food that make flesh are the foods
which form the greatest part of our
daily bills of fare.

But the trouble is that while we
eat enough and generally too much,
the stomach, from abuse and over-
work, does not properly digest and
assimilate it, which is the reason so
many people remain thin and under-
weight; the digestive organs do not
completely digest the flesh-forming
beefsteak, eggs and similar whole-
some food.

There are thousands of such who
are really confirmed dyspeptics, al-
though they may have no particu-
lar pain or inconvenience from their
stomachs.

If such persons would lay their
prejudices aside and make a regular
practice of taking, after each meal
one or two of Stuart's Dyspepsia
Tablets the food would be quickly
and thoroughly digested, because
these tablets contain the natural
peptones and diastase which every
weak stomach lacks, and by supply-
ing this want the stomach is soon en-
abled to reach its natural tone and
vigor.

Stuart's Dyspepsia Tablets digest
every kind of flesh-forming food,
meat, eggs, bread and potatoes, and
this is the reason they so quickly
build up, strengthen and invigorate
thin dyspeptic men, women and chil-
dren.

Invalids and children, even the
most delicate, use them with marked
benefit as they contain no strong, ir-
ritating drugs, no cathartics nor any
harmful ingredients.

Stuart's Dyspepsia Tablets are the
most successful and most widely
known of any remedy for stomach
troubles because they are the most
reasonable and scientific of modern
medicines.

Stuart's Dyspepsia Tablets are sold
by every druggist in the United States
and Canada as well as Great Britain,
at 50 cents for complete treatment.

Nothing further is required to cure
any stomach trouble or to make thin,
nervous, dyspeptic people strong,
plump and well.

PARSIFAL PLEASED.

The Production Delighted Two Big
Audiences—Will Be Played
Again Tonight.

The dramatic version of Parsifal
at the Kentucky Saturday afternoon
and night gave such universal satis-
faction that Manager Roberts induced
the company to remain over and
give another performance tonight. It
can truthfully be said that no enter-
tainment at The Kentucky since it
was opened has given more genuine
pleasure or aroused more admiration
than Parsifal. People were there who
had not attended a theater for years,
and people will be there tonight who
possibly have not seen the inside of
a play house in many seasons. It is
because it is a play that everyone
can conscientiously witness, whether
a devotee of the theater or not. It is
inspiring and impressive.

Parsifal proper is an opera, but
most people here probably under-
stand and enjoy the dramatization
more than they would the opera. If
a proper conception is what a specta-
tor wants in a story of this character
he gets it from the drama.

Scenically, Parsifal is one of the
largest productions ever seen here.
"Parsifal" does not represent the
Saviour, but the character is sup-
posed to have had his conception in
the mind of Wagner from the Savi-
our's life. The time of the play is
hundreds of years after Christ and
there is nothing sacrilegious about
it. The costuming is good, and the
theme is well preserved throughout.

There are not many principal
characters. Those that are, are good.
Mr. Lawrence Grattan as Parsifal,
and Miss Eva Taylor as Kundry,
splendidly portray the central fig-
ures, while Mr. Dashiell as Klings-
hor, the "heavy," handles his part
well. Mr. Cotton, as the Prince and
afterwards the king, is an able ac-
tor, and makes the best of his part,
while Mr. McCormick, who is a veter-
an in the profession, impresses one
with his Sir Gurnemanz. Outside of
Kundry, there is only one female
role of importance, that of Parsifal's
mother, and it is a small part well
handled by Miss Hampton. Mr. Bern-
hard, as the implied servant of Klings-
hor, does good character work in a
small part.

Miss Taylor is beautiful, graceful
and has a musical voice that impress-
es one as favorably as does her ap-
pearance. Mr. Grattan is handsome
and magnetic, and at all times in-
teresting.

The main feature of Parsifal as
presented Saturday, however, was
its wonderful effect on the audience.

Time for Toppers

"Overcoats" is not the term for these jaunty
garments. It gives no suggestion of their snappy
style and elegance. We have them in all the fa-
vored fabrics, and modish cuts. Our top coat are
made by expert tailors. Even the man who sews on
buttons is an expert in his line; the one who shapes
the collar another expert—ALL EXPERTS.

And the long coats. Many men prefer the long,
gracefully-draped lines of the Cravanette, with its
air of quiet goods taste. We mean "CRAVA-
NETTE," too, for we are exclusive agents in Padu-
cah for the original Priestley's Cravanette.

Gym Classes to Start.

Tomorrow the young men's gym-
nasium class will be started at the Y.
M. C. A. The class is not full yet
by any means and many more mem-
bers are wanted. Secretary Godfrey
will instruct the class and he will
have an assistant. It meets every
Tuesday and Thursday nights. The
work at the beginning will be light
and after the young men get all the
stiffness out of them heavier work
will be given them. Secretary God-
frey requests the old members to get
out their suits and have them over-
hauled at once so the class can start
tomorrow night.

SET FOR NOV. 1.

Capt. Joe Wood Not Able to Attend Court and Case Goes Over.

The case against John Hobson, for maliciously cutting Captain of Police Joe Wood last Friday night, was today by agreement between the attorneys, set for November 1 in police court.

Capt. Wood is resting well at Riverside hospital, his temperature is normal and his wound gives him little pain. If he passes through today without complications, none will be feared.

GOOD RISE

HAS CAUSED A RESUMPTION AT PITTSBURG.

The Lee Line Boats Are Also Expected to Be Started in the Ohio River Again.

Coal operators and river men are rejoicing over the favorable outlook for a good rise at Pittsburg and a big shipment of coal.

The coming rise in the Ohio will bring out the Memphis, Cincinnati and Louisville packets, Rees and Peters Lee. Both are good boats and did a fine business last season.

The River Coal company sent out from Pittsburg Saturday twelve tows, and five more yesterday. These will take south 153 coal boats, ninety-eight barges and fourteen models. The independent coal companies are also shipping coal. The John F. Klein, the Helen White, the W. H. Flint and the Frank Gilmore have already started south. All the packets will reach Pittsburg by this evening and by Wednesday will be running on schedule time.

The big Sprague is getting ready to go south in a few days with a big tow of coal.

Coal in the Pittsburg district is to be advanced strongly on November 1. The demand during the last few days has been very heavy, and as a result prices are firmer, and one large consumer was unable to duplicate an order taken a short time ago based on a rate of \$1.10 a ton for run of mine coal at the mine.

The combine harbor boat Transit has returned to Louisville from Pittsburg, having been almost entirely rebuilt. She has a new hull and her wheel and rudders were sent back eighteen inches. Her engines were overhauled and put in first class condition, so that she is comparatively a new boat out and out.

MANY FINE ONES

Among the Trained Animals of Ringling's Big Shows.

In the trained animal display Ringling Brothers present three herds of performing elephants under the direction of Pearl Souder, two squadrons of cutely acting ponies for children, leaping dogs, scores of cakewalking and high class school horses in exhibitions of amazing intelligence, and a marvelous dancing conceit, called a "Garland Equine Ballet." The circus performance is given on two stages, in three rings, and on a racing track one-quarter of a mile in length. The big show will be here, one day only, Thursday, October 26, and give two performances, in the afternoon at 2 and at night at 8. The parade will leave the show grounds at 10 o'clock on the morning of circus day. Reserved numbered chairs and admission tickets will be sold without extra charge at Smith & Nagel's drug store. Ringling Brothers are the only circus proprietors who charge for reserved or admission tickets bought at the downtown ticket office exactly the same prices demanded in the ticket wagons on the show grounds.

Boys Have Bone Fad.

The "bone fad" has struck Paducah and every school boy it seems has a pair of bones, which he rattles. The school yards are filled with boys from six years of age up, each trying hard to make more noise than his companion with the bones. A few weeks ago the flipper fad was in vogue but flippers have been put away. The fad seems to have sprung up within the past few days and the din made about some schools is anything but pleasant to hear.

The Dick Fowler will resume her trips in the Cairo trade about Thursday and the Warren will be placed in the Evansville trade.

The new boilers being placed on the John S. Hopkins will soon be completed when she will go to Mound City to go on the ways for general repairs. The company has had the Dick Fowler repaired there and the Joe Fowler is there now being repaired. Capt. S. A. Fowler stated this morning that all of this work would have been done here if it had not been for the strike at the marine ways.

The Warren left at 8:30 a. m. for Cairo.

The Royal arrived at 10 a. m. from Golconda and left at 2 p. m. for the same place.

The boilers are being placed on the Chattanooga, which is being repaired at the foot of Jefferson street. The City of Saltillo arrived at 9 o'clock Saturday night and put out a big lot of sauerkraut and pickles. She had 1200 barrels and kegs of kraut and pickles on her besides a fair shipment of other stuff.

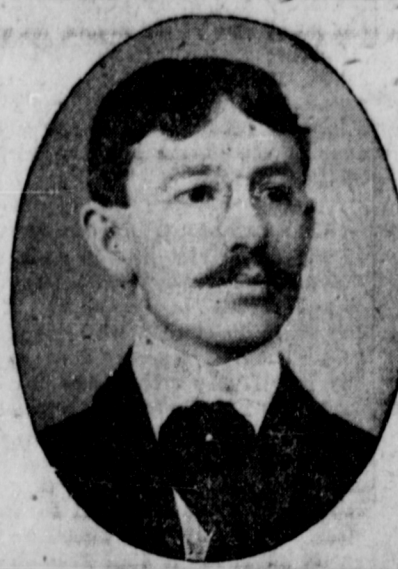

The E. A. Woodruff arrived here Sunday from Cairo and laid up until this morning when she left for Cincinnati to go into winter quarters. The Woodruff is the big U. S. snagboat and she has been clearing the river of obstructions between Cincinnati and Cairo.

The Henry Harley left at 7 o'clock Saturday night for Evansville.

The Clyde is due from Waterloo, Ala.

The Ranger arrived from below yesterday with several empties and leaving them at the island returned.

MASS MEETING

Will Be Held by Anti-Saloon League Tonight.

A mass meeting will be held tonight at the county court house at 7:30 o'clock in the interest of the Kentucky Anti-Saloon league. The meeting will be held in the circuit court room and there will be one or more speeches. Mr. H. E. Cleaton, of Louisville, one of the editors of the Kentucky Issue, the state organ of the Anti-Saloon league, is here to deliver a talk. He is said to be a

very interesting man to listen to, and will no doubt attract a large crowd. It is the object of this meeting to organize a local order to work with the state body in controlling elections, which, it is claimed, is done in other states by the order.

Daily Thought.

"Only the ignoble are content to remain just as they are. A true soul is never satisfied with self."

THE MESSIAH OF PATRIOTISM.

"The president in the south" is the title of an editorial from Mr. Watterson in the Courier-Journal. Among other things he said:

Certain puzzle headed newspapers affect to see in the warm welcome met everywhere by the president on his journey through the south a variance from the storm of indignation which followed the Booker Washington incident. Their surprise, where it happens to be genuine, is the offspring of a literalism equally without sympathy and imagination, or else it is the figment of a sectionalism which has put party spirit before all other considerations. Bigotry so dense knows not the people of the south.

Theodore Roosevelt, the partisan republican, succeeding the gentle McKinley with a ruthless assault upon southern ideas and predilections in the Indiana affair, in the Crum affair, and in the Booker Washington—Theodore Roosevelt, the self-willed

riding roughshod over whoever or whatever got in his way without much regard to law or usage—Theodore Roosevelt, the presidential candidate, who having captured the machine and secured his nomination, seemed borne along upon a golden stream of campaign contributions wrung from the corporations by methods that to say the least of them looked like coercion—in short, Theodore Roosevelt, the strenuous, aroused the antagonism and invited the attacks of all who could see in his election only a menace to the peace of the country as well as to good order and good feeling in the southern part of it.

That was a year ago. Coming in upon a wave of unexampled popular volition, partly the rebound of extraordinary conditions, but at the same time an undeniable personal tribute, another and quite a different Theodore Roosevelt appeared upon the scene. The big stick was laid away; the habiliments of the rough rider were exchanged for more conventional apparel; words were uttered and engines were set in motion which gave the people promise of emancipation from the rapacity of certain aggregations of capital that had long defied the law, and finally by an act of daring as original as it was felicitous and sustained throughout by unflagging persistence and intelligent purpose, this re-created Theodore Roosevelt stands forth an arch angel of peace, bringing upon himself and his country glory unspeakable.

The Theodore Roosevelt who spoke at Richmond of Lee and Jackson, who, standing in the Confederate capital, under the shadow of sectional battlefields, bravely put sectionalism and partyism beneath his feet, who tenderly, and in the name of a dead mother, claimed kindred, there is a gray horse of quite another color. Then and there he touched the button that in an instant thrills as it lights all southern hearts. Then and there he wiped out every old score and opened a fresh set of books. Who has changed, he or we; what boots it? May be neither, may be just a case of plain old fashioned misunderstanding.

Meanwhile there is no disputing, no resisting words like these:

"Coming today by the statue of Stonewall Jackson, in the city of Lee, I felt what a privilege it is that I, as an American, possess in claiming that you yourselves possess no greater right of kinship in Lee and Jackson than I have. I can claim to be a middling good American, because my ancestry is half southern and half northern. I was born in the east and I have lived a good while in the west, so long, in fact, that I do not admit that any man can be a better westerner than I am. There was an uncle of mine, now dead, my mother's brother—who has always been among all the men I have ever known, the man who it seemed to me came nearest to typifying in the flesh that most beautiful of all characters in fiction, Thackeray's Col. Newcome—my uncle, James Dunwoody Bulloch, an admiral in the Confederate navy. In short, gentlemen, I claim to be neither northern, nor southerner, nor easterner, nor westerner, nothing but a good American, pure and simple. Next to a man's having worn the blue comes the fact of the man's having worn the gray as entitling him to honor in my sight."

In breadth of patriotic spirit and in far-reaching statesmanlike suggestion, nothing finer than this was said by Abraham Lincoln. It deserves, indeed, to be recorded in letters of gold alongside the Gettysburg speech, being at once an echo and confirmation of that immortal utterance. Breathing such sentiments, bearing such a message Theodore Roosevelt becomes one of us, which is only to say that we are all Americans, equal heirs of its sublime traditions, nor less loyal to the flag of the Union because we followed the flag of the Confederacy.

The south has wandered forty years through a wilderness of sectionalism for this vision of the promised land of perfect nationality. It has longed for some messiah of patriotism and brotherhood to rise in the north and to reach out to it the hand of equality having a heart in it. To Theodore Roosevelt this happy lot has fallen; and having fought him like a man the south sends the memory of all frictions to the rear and greets and acclaims as a kinsman.

Though we differ tomorrow, never again shall there be from us acerbity of thought or speech. Today at least shall be given to the love of God, to the fellowship of manhood, and to

the unity and glory of our country. Let mean and paltry bigots, let glum faced partyism for a moment stand aside. Room, room alone, whilst the president passes through the "state-lately in rebellion" for the grand, dear of the nation and the majesty of the people.

What has become of the cemetery of which the city was in such need that it had to buy it at a cost of \$6,000 several months ago? If the city really needed it, why has it never used it? If it never used it, why buy it? If the money has not been paid except in the form of a note, the taxpayers are paying the interest on it, which will increase the cost several hundred dollars, and they will have to pay the principal sooner or later. The city can afford to buy burial grounds. It does not need it, it seems, but it can't afford the extension of the sanitary sewerage which it does need. This is the kind of deal the taxpayers are now getting. These are the kind of blunders that are being made nearly every day by the administration.

Two men on the Republican county ticket who are popular all over the county are Mr. Charles Harting, the nominee for sheriff, and Mr. James P. Hart, nominee for jailer. The former lives in the Lamont section of the county, but is known as an honest, intelligent man by men all over McCracken, and Mr. Hart is a prominent resident of the Florence Station section equally as well known and respected. Both have many friends and have been assured votes from all localities because they are known to be good, hardy, honest men who will be a credit to the county if elected. A vote for them will never be regretted by any good citizen, no matter what his politics.

Don't forget to vote against the proposed constitutional amendment in November. No man who wants to preserve the freedom and sacredness of the ballot will support such a relic of antiquity as the viva voce system of voting. Kentucky, which is just beginning to move forward, and is having her development conventions and such things, cannot afford to go back to something discarded by every other state in the union.

The southern people may be hot-headed and disagreeable at times, but they are the most warm-hearted and hospitable people on the face of the earth, generally speaking. No one knows this better than President Roosevelt, who in showing them what a friend he is to the south, is at the same time receiving unmistakable proof of what a friend the south is to the president of the United States.

An Indiana judge has established a precedent. He scored a jury that brought in a verdict in a case where the evidence was so plain that the court did not deem instructions necessary, and refused to allow the jurors any pay for the week. He threw in the belief that it was about the most stupid, unintelligent jury that he ever saw.

A number of Paducahans who have returned from Louisville say that the best forecast of the coming municipal election there that they could get from the democrats, was that the fusionists have them on the run, but if the machine can't win it can always steal it. If this is a pointer to the fusionists, they are welcome to it.

LARGE CROWD

ATTENDED THE MASS MEETING AT CITY HALL YESTERDAY.

Three Addresses Made—Mr. Charles Hart Presided Over the Meeting.

A crowd that overflowed the court room and hallway attended the mass meeting at the city hall yesterday afternoon. There were merchants, mechanics and men from various other walks of life, and a number of ladies present. Mr. Charles Hart presided.

Addresses were made by Mr. Lon Crandall, by Mr. O. C. Pratt, the national officer of the railway union who has been in the city several days, and by Mr. Doyle, of New Orleans.

It was a very enthusiastic demonstration and the applause accorded each speaker was almost continuous. No resolutions of any kind were passed, the object of the meeting being to acquaint the people with the cause of the present strike, and the ideas of the motemen and conductors about how to win it. Deal's band furnished music.

A CARNIVAL MAN BADLY CUT IN HEAD

Nichols Smith Was Out Having a Time When Trouble Came.

Buck Russell Arrested On Suspicion and the Case Was Continued Today.

OTHER POLICE COURT NEWS

The police are at work on a mysterious cutting case, which took place in the alley running alongside the Tony Faust saloon, on lower Broadway, Saturday night.

Nicholas Smith, the wounded man, is seriously hurt. According to Smith's story he is an attaché of the Parker Amusement company, which recently showed here for a week, and last week was at Jackson, Tenn. His tent was burned last week and Smith said he went to Fulton to buy a tent from a man he knew had the kind of tent he wanted. He claims that the tent was bought and he and this man came on to Paducah.

They were out drinking Saturday night and about 10 o'clock in the alley by the Tony Faust saloon this Fulton man and a Paducah man are alleged to have pounced upon him and one of them cut a long gash on top of Smith's head, which required eighteen stitches to close. The young man bled profusely and suffered great pain at the Tony Faust hotel all last night, and was delirious. The wound was dressed by some one but Smith does not know what doctor attended him and today Policemen Terrell and Cross have been at work on the case, with the result that they have arrested Buck Russell and are now looking for the Fulton man, of whom they have a fair description.

Smith has suffered a great deal of pain all day. This morning he was taken to Dr. Robert Rivers' office and was asked if Dr. Rivers was the doctor who had sewed up the wound. He said he was but Dr. Rivers states that he never saw the man before.

Why Smith was cut is not known. He says he was not robbed and very little can be learned about the case.

The case against Russell was called this morning in police court but continued on account of the absence of witnesses.

Matt Hill, colored, drunkenness, \$1

Other cases were: Allen Walters, colored, drunkenness, \$1 and costs; Matt Hill, colored, drunkenness, \$1 and costs; Eliza Coats, colored, drunk and disorderly, \$3 and costs; Mrs. H. M. Cunningham and Ruth Dinguid, breach of the peace, dismissed as to latter and former fined \$10 and costs; Will Greek, white, breach of the peace, continued; Barney Laevitan, white, two cases of breach of the peace, continued; Jerry Davis, colored, obtaining property by false pretenses, continued; Alfred Conway, obtaining board by false pretenses, \$3 and costs.

Mrs. Cunningham and Miss Dinguid are sisters, and had a fight on Broadway near Fourth Saturday afternoon.

IN THE CHURCHES

REV. LICHTENSTEIN, OF ST. LOUIS PREACHED YESTERDAY

Special Music at First Presbyterian Church—News of Other Churches.

Tonight at 7:30 a stereopticon lecture on "The Life of Christ," will be given at the Evangelical church on South Fifth street by Rev. T. C. Gebauer, field secretary of the Kentucky Sunday school association. Admission will be free, but a silver collection will be taken for the Sunday school work in the state and country. After the lecture all pastors and Sunday school superintendents will have a meeting relative to the religious canvass, which is to be made next Saturday.

Mr. Gebauer is well known and very popular in the city, and he and his subject will doubtless attract many, besides the Sunday school workers.

Rev. A. Lichtenstein, superintendent of the Jewish Christian Mission of St. Louis, preached yesterday morning at the Cumberland Presbyterian church on "Why I Am a Christian, and Mission Work Among the Jewish People." At 3 p. m. he spoke at the Broadway Methodist church at a union service and his theme was "The Returning of the Jews to Jerusalem in Connection With the Second Coming of the Messiah." At the First Baptist church in the evening he delivered a sermon on "Why We Worship Christ as God." He was greeted by good congregations.

The protracted services which began so auspiciously at the Third street Methodist church last week, have been closed owing to the sudden illness of the pastor, Rev. P. H. Fields, from rheumatism. Mr. Fields was not able to fill his pulpit yesterday, but Rev. B. E. Sears, of Tyler,

"Cap" Owen at night. The interest and the congregations during the services held last week were very good.

A very fine musical program was rendered at the First Presbyterian church last evening. There were several solos, duets, quartettes and trios rendered by Mrs. W. C. Scofield, Mrs. Dennis McQuot, Mrs. David Flournoy, Mrs. George B. Hart, Mr. Emmet Bagby, Mr. Will Minnich, Mr. Sidney Ma2 and others. Miss Adeline Bagby's violin solo was a beautiful feature. A large congregation was present.

The union prayer services held last week by the Home Mission societies of the Broadway Methodist and Trimble street Methodist churches closed with special sermons delivered by the pastors of the respective churches. The services were well attended, and most interesting. There were several additions to the societies during the "Week of Prayer," and a nice collection was taken to further the good work.

By direction of Bishop McCloskey forty hours' service will be held as follows during November:

November 5—Twenty-first Sunday after Pentecost; St. Helen's church, Louisville; St. Louis St. Joseph's church, Mayfield; St. Ambrose's church, Cecilian.

November 12—Twenty-second Sunday after Pentecost; Convent of the Good Shepherd, Bank street, Louisville; Church of St. John; St. Bridget's church, Hickman.

November 19—Twenty-third Sunday after Pentecost; St. Peter Claver's Home, Louisville; St. William's church, Knottsville; St. Vincent's church, St. Vincent.

November 26—Twenty-fourth and last Sunday after Pentecost; St. Mary Magdalene's church, Louisville; St. Peter of Alcantara's church; St. Raphael's church, West Louisville; St. Jerome's church, Fancy Farm.

Rev. D. C. Wright, rector of Grace Episcopal church preached at the Rescue Mission on South Third street. It was an impressive sermon and deeply interested his congregation.

Rev. H. E. Cleaton, of Louisville, filled the pulpit of the First Christian church yesterday morning. Dr. Cleaton is the associate editor of "The Kentucky Issue," the Anti-Saloon league organ.

An attempt is being made by the County Sunday School association to thoroughly organize the city and county, as organization is the basis of effective work.

The state field worker, Rev. T. C. Gebauer, and Rev. W. Bourquin, the county president, will hold conventions at the following places next week, and organize the magisterial districts:

District 8—Palestine church near

2 o'clock, and evening at 7:15, Oct. 24.

District 7—McKendree church near Lamont, Wednesday evening, October 25, at 7:15.

District 6—Highland church, Wednesday afternoon, October 25, at 3 o'clock.

All Sunday schools in the respective districts should be represented at these conventions.

Mr. Robert Scott sang the evening offertory with splendid effect at the Broadway Methodist church last night.

Fitzpatrick's Unequaled COLD CREAM

Is absorbed almost instantly by the skin and loosens up the dirt and foreign matter which fills up the pores of the skin, producing blackheads and eventually troublesome pimples. The astringent properties of the alkali in most soaps has a tendency to draw the skin and close up the pores, thus instead of filling its office as a cleansing agent it interferes with nature's process of throwing off the impurities from the body. Call at our store and get a sample of Fitzpatrick's Cold Cream and be convinced of its excellency.

JURY CASES TAKEN UP IN CIRCUIT COURT

The Petit Jury Was Impaneled by Circuit Judge Reed.

First Case is That of Luttrell For the Value of Telephone Poles.

SOME MINOR COURT MENTION.

The jury cases were taken up by Judge Reed in circuit court this morning and the petit jury was impaneled as follows:

The petit jury was empaneled as follows:
W. M. Rieke, M. M. Carneal, Jas. King, T. H. Smith, W. F. Grief, C. W. Vance, W. P. Davidson, Ira Rudolph, J. D. Tucker, W. J. Whitehead, O. A. Tate, R. S. Wilson, C. T. Chumler, R. C. McMahon, J. M. Simmons, J. M. Hart, J. E. Price, James Augustus, M. T. Finley, J. G. Brandon, Tom Meyers, T. R. Murphy, W. D. Frank, A. E. Stegar.

At press time this afternoon attorneys were arguing the case of J. M. Luttrell against the East Tennessee Telephone Co. Luttrell is a dealer in telephone poles and brought a large consignment here which was disposed of to the telephone company. The company paid for the poles, but it is claimed paid the wrong ones. The case was dismissed on peremptory instructions, but was reversed in the court of appeals. Luttrell sues for nearly \$600, the value of the poles.

In the case of J. W. Hubbard against P. H. Kelley a judgment for \$93 was filed.

Lulu Munson was appointed an examiner with office in Judge D. G. Park's office.

County Court.

Ed C. Terrell deeds to R. G. Terrell, trustee, for \$1 and other consideration, property on North Eighth street.

The case of the Seacoast Mineral Co. against the C. S. L. and N. O. R. R. Co., was dismissed without prejudice.

Decision Expected Tomorrow.

A telegram to Mr. Enoch Lynn, of the city, from his son, Tom Lynn, at Kansas City, states that the evidence and arguments in his case were heard Saturday and the judge reserved his decision on the question of bail until Tuesday. The young man accidentally killed his friend, Bert Anoss.

Bankruptcy Case.

The bankruptcy case of Henry Grace and Taylor Fisher was taken up in the bankruptcy court this morning. Judge E. W. Bagby presiding. Recently the trustee filed a petition to compel Taylor Fisher to come into court and file a schedule of the partnership assets, which Judge Bagby stated this afternoon Mr. Fisher had already done. The question being argued is whether the referee had jurisdiction to make Taylor Fisher file this schedule. It had not been decided at press time.

POPULAR EX-OFFICER

Mr. B. F. Farrow Died After a Long Illness.

Mr. B. F. Farrow, a well known resident of the city, of Madison street between 11th and 12th, died this afternoon between 2 and 3 o'clock of a complication of diseases after an illness of more than a year and a half.

The deceased was about 45 years of age and was born and raised in Caldwell county. He moved to Paducah many years ago and was a painter by trade. He became an officer and served until health prevented his being a regular officer. He was also a politician and worked hard in the Democratic ranks for the past several years. He died of a complication of diseases, the chief ailment being dropsy.

He leaves a wife and four children. They are Mrs. Rudolph Kittinger, Mrs. Edgar Hamilton and Edwin and William Farrow, boys.

No funeral arrangements have been made, but will probably be arranged for by a lodge, he being a member of several different orders.

Shine 'Em Up

LIQUID VENEER MAKES OLD THINGS NEW

Liquid Veneer is a wonder! It will make the whole interior of your house shine like new, making re-finishing or re-varnishing entirely unnecessary. It is not a varnish, but a surface food and cleaner, building up the original finish and making it brighter than ever. It is applied with a piece of cheese cloth and no experience is necessary. No drying to wait for. Removes all scratches, stains, dirt, dullness. It can be applied to any finish with beneficial results. Natural wood, as well as any color of paint, will be better for an application of Liquid Veneer.

Liquid Veneer will improve even the most beautiful furniture. It will take that smoky look from the Piano and other Mahogany, and is highly beneficial to Golden Oak, White Enamel, Gilt, Silver and other finishes.

Liquid Veneer sells at 50 cents a bottle, and a bottle is enough to renovate the ordinary home. Try it and you will always buy it.

NO REDUCTION IN
THE TRAIN CREWSThe Increase in Business on the
I. C. Prevents it.Only Eight of the Smaller Freight
Engines Are to Be Retained
On This Division.

MUCH COAL IS BEING HANDLED

It was officially announced this morning that the I. C. will not cut out the number of crews working on the Louisville division of the I. C. as anticipated, because of the big consignment of 800 class engines. The big engines can pull twice as many loads as the 1 class engines which are being taken off the division, but the natural increase of business will be sufficient to keep every crew now on the division busy.

"The big engines are doing about 40 per cent more than the No. 1 class engines can do. This means that this amount of business can be handled by one of the big engines over the No. 1 class machines," an official stated this morning. "There are twelve new coal mines on the division and the output from these with the natural increase in business will be sufficient to keep the crews at work at present in employment. Of course if the business remained as it is now, the big engines might cut down the crews, but the road did not secure them for this matter but because the business on the two districts is heavy."

At present there are 8 of the 800 class engines here with six more due today. It is expected that the entire consignment of 25 will be here within the next two weeks.

This morning the local I. C. began shipping away 100 class engines. There are 36 of these engines here on the division and only eight will be retained, the remainder being consigned to northern lines.

The eyes of the higher officials have been turned on the Louisville and Paducah districts for years on account of the steady increase in the coal industry which means more business for the railroad. The increase has grown steadily in coal traffic and business on the Paducah district is as brisk as any other district on the system. It is said that more trains are handled over it in the freight service than any other division.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says, "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." W. B. McPherson, druggist, guarantees them at 50c.

GOOD WORK DONE

BUT WIRING IN PADUCAH IS NOT
YET SATISFACTORY.The Six Months Allotted by the In-
surance Companies Are Almost
Expired.

December 1st, is the date of expiration of the six months time the insurance companies gave the city to get wiring in the best shape possible, but the wiring will not all be perfected by that time, it being impossible to complete the work. However, it is not expected that the insurance companies will inaugurate the pink slip any more or order any raise in rates, the property owners showing a ready inclination to do what is right.

Electrical Inspector Wm. J. Glisdorf stated this morning that about fifty per cent of the wiring as far as the number of business houses was concerned is in perfect condition, and as far as the number of lights is concerned, about sixty per cent of the work is completed. The business houses where the greatest number of lights are burned have been worked first, but it is estimated by the inspector that it will require a year or maybe more to complete the overhauling of wiring in residences in the entire city.

Inspector Glisdorf is a very busy man, and his work is necessarily tedious. There is a great deal of red tape to observe and it all requires time. There is so much new wiring which has to be looked after the inspector having to visit the job several times a day, that the old jobs which need overhauling have to suffer a little. The new work comes first and there has been a great deal of building in Paducah this summer.

The conditions are generally improved, however, many property owners putting in new wiring according to the specifications of the inspector before he really serves notice, showing a readiness to do what is right.

SHOT CRAPS

And Deliberately Mocked the Officer
—They Were On a Moving
Train.

Officer Albert Senger was at the I. C. depot yesterday when the big Ringling circus trains were passing. The first section of the train, which was in four sections passed about 3 o'clock and the last about 8:10 Sunday morning en route to Nashville from Cairo. The trains had the right of way and got no time. As the end of the last section hove in sight around the curve Officer Senger's attention was attracted to a party of canvas hands on top of the elephant car.

"When the car approached me the train was running pretty fast and I saw one big fellow in his shirt sleeves shaking his left hand high in the air," the officer related. "I knew then that the party was engaging in a little crap game, and right in the city limits in full view of all. That big duffer on top of the car insolently shook the bones and with a malicious grin rolled them out on top of the car. The men felt they had made a disadvantage, and I guess they did, for the train was going too fast for me to board it. I couldn't stop it, and I knew they didn't intend to get off and surrender. So I just had to enjoy the incident and laugh with the rest of them, and I did. It is the first time in my experience that a man deliberately shot craps right before my eyes and laughed about it."

Arranging for Educational Meeting.

The committee on arrangements for the educational meeting to be held in Paducah December 1 and 2 held a meeting here Saturday to outline the program. It will be the annual meeting of the First District Educational Association, and it is expected to have one of the best programs in the history of the order. An effort is being made to get one of the following to deliver the principal address: President Bryan of the Indiana University, of Bloomington, Ind.; Chancellor Kirkland, of Vanderbilt University of Nashville, Tenn.; and Prof. Willie, who occupies the chair of pedagogy in the Kentucky university at Lexington, Ky.

Found a Foetus.

Coroner Charles Crow was called yesterday to hold an inquest over the remains of a foetus picked up in an alley near West Washington street. The mother proved to be Mattie Mopre, colored, and the child it developed at the inquest was premature in form. The remains were buried in a field.

GOOD NEWS.

Many Paducah Readers Have Heard
It and Profited Thereby.

"Good news travels fast," and the thousands of bad backs sufferers in Paducah are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is had no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

B. C. Jones, of Newbern, Livingston county, Ky., writes: "I had back ache for seven years and I sought for a long time something to check the excessive flow of the kidney secretions but found no relief. I was weak, had the headache all day and night for forty years. I could not sleep well and was about giving up all hope of ever being relieved for I had consulted doctors and tried everything I could get hold of. When I first saw your advertisement in one of the papers I concluded to try Doan's Kidney Pills, and I got a supply. I found to my joy that they gave me great relief. I was entirely freed from pain and also from the irregularities which had annoyed me so much. That was over five months ago, and I have not had a headache since, although I had suffered in this way since I was a small boy. I have recommended the pills to 50 different persons, some of them in Paducah, and a great many have reported to me the good results they have derived from using them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Makes It Unpleasant.

Contractors Gardner and Robertson, of Paducah, seem to be having an unpleasant time in some respects at Hopkinsville, where they are building a sanitary sewerage system. They were fined \$5 and costs Friday for leaving holes in the streets where they filled up some of their ditches, and have been ordered to put back the streets in as good condition as they found them. The contractors recently struck stone in their excavations, which necessitated blasting instead of digging.

Raffles, The Amateur Cracksman

By E. W. HORNUNG

A JUBILEE PRESENT

No. 8 of the Series

(Copyright, 1901, by Charles Scribner's Sons.)

THE room of gold in the British museum is probably well enough known to the inquiring alien and the traveled American. A true Londoner, however, I myself had never heard of it until Raffles casually proposed a raid.

"The older I grow, Bunny, the less I think of your so-called precious stones. When did they ever bring in half their market value in pounds, shillings and pence? There was the first little girl we ever cracked together—you with your innocent eyes shut. A thousand pounds that stuff was worth, but how many hundreds did it actually fetch? The Ardagh emeralds weren't much better, old Lady Melrose's necklace was far worse, but that little lot the other night has about finished me. A cool hundred for goods priced well over four and £35 to come off for bait since we only got a tenner for the ring I bought and paid for, like an ass I'll be shot if I ever touch a diamond again—not if it was the Kohinoor. Those few whacking stones are to be well known, and to cut them up is to decrease their value by arithmetic retrogression. Besides, that brings you up against the fence once more and I'm done with the beggars for good, and all. You talk about your editor and publishers, your literary swine Barnabas was neither a robber nor a publisher, but a six barreled barbed wire, spike topped fence. What we really want is an incorporated society of thieves, with some public spirited old forger to run it for us on business lines."

Raffles uttered these blasphemies under his breath, not, I am afraid, out of any respect for my own redeeming profession, but because we were taking a midnight airing on the roof after a whole day of June in the little flat below. The stars shone overhead, the lights of London underneath, and between the lips of Raffles a cigarette of the old and only brand. I had sent a secret for a box of the best. The box had arrived that night, and the foregoing speech was the first result. I could afford to ignore the insistent asides however, where the apparent contentment was so manifestly unshared.

"And how are you going to get rid of your gold?" said I pertinently.

"Nothing easier," said Raffles.

"Is your room of gold a roomful of sovereigns?"

Raffles laughed softly at my scorn.

"No, Bunny; it's principally in the shape of archaic ornaments, whose value, I admit, is largely extrinsic. But gold is gold from Phoenicia to Klondike, and if we cleared the room we should eventually do very well."

"How?"

"I should melt it down into a nugget and bring it home from the U. S. A. tomorrow."

"And then?"

"Make them pay up in hard cash across the counter of the Bank of England. And you can make them."

That I knew, so I said nothing for a time, remaining a hostile though silent critic while we paced the cool black leads with our bare feet softly as cats.

"And how do you propose to get enough away?" at length I asked, "to make it worth while?"

"Ah, there you have it," said Raffles. "I only propose to reconnoiter the ground to see what we can see. We might find some hiding place for a night. That, I am afraid, would be our only chance."

"Have you ever been there before?"

"Not since they got the one good portable piece which I believe they exhibit now. It's a long time since I read of it—I can't remember where—but I know they have got a gold cup of sorts worth several thousands. A number of the humorously rich clubbed together and presented it to the nation, and two of the richly immoral intend to snaffle it for themselves. At any rate, we might go and have a look at it, Bunny, don't you think?"

"Think! I seized his arm."

"When? When? When?" I asked, like a quick firing gun.

"The sooner the better while old Theobald's away on his honeymoon."

Our medals had married the week before, nor was any fellow practitioner ever taking his work, at least not that considerable branch of it which consisted of Raffles, during his brief absence from town. There were reasons, delightfully obvious to us, why such a plan would have been highly unwise in Dr. Theobald. I, however, was sending him daily screeds and both maternal and nocturnal telegrams, the composition of which afforded Raffles not a little enjoyment.

"Well, then, when—when?" I began to repeat.

"Tomorrow, if you like."

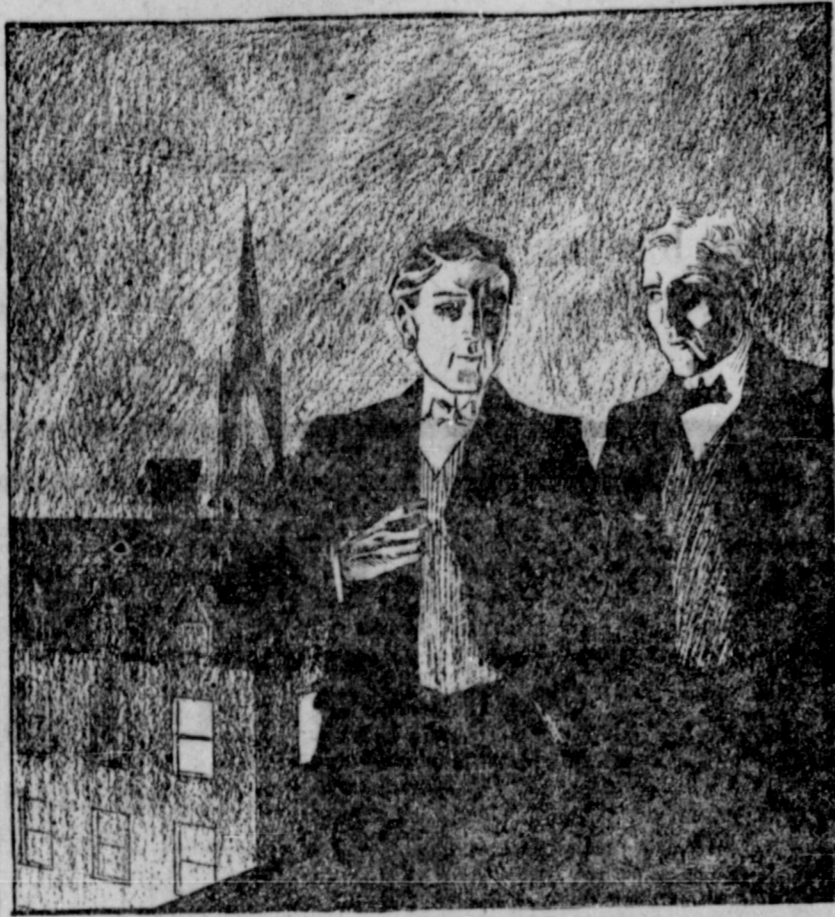

"Only to look?"

The limitation was my one regret.

"We must do so, Bunny, before we sleep."

"Very well," I sighed. "But tomorrow it is!"

And the morrow it really was.

WE PACED THE COOL BLACK LEADS WITH OUR BARE FEET.

think, bought his absolute allegiance for the second coin of the realm. My story, however, invented by Raffles, was sufficiently specious in itself. That sick gentleman, Mr. Maturin (as I had to remember to call him), was really or apparently sickening for fresh air. Dr. Theobald would allow him none. He was pestering me for just one day in the country while the glorious weather lasted. I was myself convinced that no possible harm could come of the experiment. Would the porter help me in so innocent and meritorious an intrigue? The man hesitated. I produced my half sovereign. The man was lost. And at half past eight next morning, before the heat of the day, Raffles and I drove to Kew gardens in a hired landau, which was to call for us at midday and wait until we came. The porter had assisted me to carry my invalid downstairs in a carrying chair hired (like the landau) from Harrod's stores for the occasion.

It was little after 9 when we crawled together into the gardens. By half past my invalid had had enough, and out he tottered on my arm. A cab, a message to our coachman, a timely train to Baker street, another cab, and we were at the British museum—brisk pedestrians now—not very many minutes after the opening hour of 10 a. m.

The museum pigeons were crooning among the shadows of the grimy colon-

nade, and the stalwart janitors looked less stalwart than usual, as though their medals were too heavy for them. I recognized some habitual readers going to their labor underneath the dome. Of more visitors we seemed among the first.

"That's the room," said Raffles, who had bought the twopenny guide, as we studied it openly on the nearest bench—"No. 43, upstairs and sharp around to the right. Come on, Bunny."

And he led the way in silence, but with a long methodical stride which I could not understand until we came to the corridor leading to the room of gold, when he turned to me for a moment.

FIRE AT MEMPHIS

ILLINOIS CENTRAL OFFICE AND RECORDS BURNED.

The Origin of the Fire Is Unknown—Loss Between \$50,000 and \$75,000.

Memphis, Tenn., Oct. 23.—The building now occupied by the Illinois Central Railroad company, at the corner of Main and Madison streets, was gutted by fire early Sunday morning, and the building is perhaps so badly damaged that it will have to be torn down. All the I. C. records for the general freight, assistant general freight and the general passenger agent were destroyed.

The structure is the property of Moses Katzenberg and was leased to the railroad company for twenty years. Last year the entire offices of C. C. Cameron, general freight agent of the system for the southern lines, were removed to Memphis and took quarters in the building with John Dwyer, assistant general freight agent, and John A. Scott, assistant general passenger agent. The city ticket office is the entrance to the building on the corner.

The damage to the building may be conservatively estimated at \$50,000, and possibly \$75,000, as the building is absolutely worthless as it stands and will have to be torn away for the erection of a new one.

It is believed the work to be that of incendiaries. Only recently a fire occurred in the record room of the same building, but little damage was done to the contents of the room.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors and they told me one of my lungs was badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well."

It is a wonderful medicine and I recommend it to suffering humanity. Sold by Alvey & List.

ABOUT \$1,000

May Have Been Cleared by Traveling Men's Club.

Mr. Simon Hecht returned Saturday from New York, where he has been several days on business. He stated this morning that he would have a meeting of the Paducah Traveling Men's Club next Saturday night. It is estimated that the association has cleared something near \$1,000.

The Best Doctor.

Rev. B. C. Horton, Sulphur Springs, Tex., writes, July 19, 1902: "I have used in my family Ballard's Snow Liniment and Horehound Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pains. The cough syrup has been our doctor for the last eight years." Sold by Alvey & List.

Have Good Positions in Paducah.

Mr. Tom Thomason, who left here several weeks ago for Paducah, has a good position with the Illinois Central Railroad company, and is very well pleased. Mr. Thomason was a member of the signal corps during the recent state encampment. Mr. Blackburn Bohannon, who played with the K. I. T. league, is now employed in a cigar store. He will remain in Paducah for the winter. Frankfort State Journal.

GEORGE B. WARNER IS OUT OF ASYLUM

He Escaped From Hopkinsville
Some Time Last Night.

Local Police Asked to Watch Out For
Him—Warner Killed Pulaski
Leeds, an L. & N. Official.

NARROWLY ESCAPED HANGING.

The police department received a
telegram this morning from the Hop-
kinsville asylum authorities asking
them to keep a look-out for George
B. Warner, a lunatic, who escaped from
the asylum last night.

Warner is the man who killed Pu-
laski Leeds, of the L. & N. road at
Louisville.

Warner shot Leeds, who was master
mechanic of the L. & N. road at
Louisville, because he, Warner, had
been discharged and refused a recom-
mendation. He shot Leeds in the
latter's office, and there was a great
deal of feeling against him at the
time.

The trial was hard fought, and it
was claimed by Warner's friends that
trouble had unbalanced his mind, and
he finally secured a commutation of
sentence just before he was to have
been hanged, on account of his men-
tal condition.

On account of his alleged insanity
many of the labor unions asked the
governor to intervene and save him
from the gallows, and Gov. Beckham
finally acceded.

Warner was taken to Hopkinsville,
and must have been allowed too much

freedom. So far as known he is not
dangerous, and many Louisville peo-
ple do not believe that he is crazy.

The local police have a minute de-
scription of the fugitive and if he
comes this way will nab him.

WATCH GONE.

Contractor John Lane Thinks He
Must Have Dropped It in
Lining.

Mr. John Lane, the contractor, is
minus his gold watch and the police
are attempting to locate it.

Friday Mr. Lane was walking on
Lower Kentucky avenue and took out
the timepiece, which was without a
chain, to ascertain the time. He
placed it back in the pocket of his
trousers as he thought, and thinks
he slipped it under his belt by mis-
take and it fell through to the street.
The detectives have the number and
if found or disposed of here, will lo-
cate it.

COLE'S HOT BLAST Wonderful Heater and Fuel Saver

For Soft Coal, Lignite or Hard Coal

Cost of Stove Saved in Fuel

Shows Stove
Burning
Soft Coal

As you know one-half of soft coal is gas—the entire gas supply for many cities
and towns being made from the same kind of soft coal you are using.

The extent of unburned gases in hard coal is shown by opening the magazine cover
of a base burner when the extra oxygen supplied fills the entire stove with flaming gas.

Other stoves allow this gas, which is the best part of the coal, also a large
part of the heat, to pass up the chimney. This waste will average from \$10.00 to
\$50.00 a year for every family and millions of dollars in fuel are thus wasted annually.

**The Original Cole's Hot Blast Stove
Saves All Wasted with Other Stoves**

Cole's Original Hot Blast, by means of the Patented Hot Blast draft used
in connection with other patented features, distills this gas from the upper sur-
face of the coal, utilizing it as a heat producer along with the fixed carbon or
coke in the coal.

On account of the patented air tight and gas tight construction giving perfect
control over the drafts, it also saves the heat usually wasted up the chimney.

\$5.00 worth of hard coal, soft coal or lignite, or a \$1.50 ton of slack or coal
siftings is thus made to do the work of twice the amount of fuel in other stoves and
the cost of the stove is more than saved in fuel each winter. \$7.50 worth
of slack will heat your house all winter, five tons at \$1.50 a ton does the work.

Build only One Fire a Winter

Cole's Hot Blast is so perfect in construction that fire keeps all night,
and when the draft is opened in the morning will burn two or three hours
with the hard coal or soft coal put in the night before. No other stove does
this. Fire, therefore, never goes out, kindling fires is dispensed with, and
the rooms are kept at an even temperature all the time.

Read the Guarantee. We are the exclusive agents for Cole's
Original Hot Blast and sell it on the accompanying guarantee which
cannot be made on any other heating stove in the world. If you want
to save half your fuel bill and would enjoy the luxury of getting up in
a warm house on cold winter mornings without kindling fires, buy Cole's
Original Hot Blast now.

Avoid Imitations

Imitations of this Original Hot Blast are many. None of them has the absolutely air-tight and gas-tight construction through-
out which Cole's Hot Blast has by reason of its numerous patents. A Patented Steel Collar connects the elbow draft to the stove
body and cannot open by action of the fiercest heat. The Patented Compound Hinge on the lower draft cannot warp, and the
draft door closes air-tight by its own weight. The guaranteed Smoke-proof Feed Door prevents smoke, dust or gas escaping when
fuel is put in the stove.

Imitations soon open seams and cracks which spoil them for keeping fire and cause the gas half of the coal and much of the
heat to escape up the chimney.

See the name "Cole's Hot Blast from Chicago" on the feed door of our stove. None genuine without it.

Ask to see the patented dustless ash cover for removing ashes. Our method is the only clean way.

Paducahans Involved in Suits at Louisville Against Banker W. B. Smith

Louisville, Ky., Oct. 23.—Five
suits have been filed here by the
Western National bank, in all of
which W. B. Smith was a defendant,
seeking to recover money claimed on
promissory notes and overdrafts.

The first suit is that of the West-
ern National bank, of Louisville,
against the Pacific Investment com-
pany, C. M. Martin and W. B. Smith.
The suit contains three paragraphs,
claiming payment from the joint de-
fendants on notes, as follows: One
for \$2000 dated Jan. 19, 1905, pay-
able in 4 months; 1 for \$1,651, dated
April 5, 1905, payable in four
months; one for \$1,000 dated April
13, 1905, payable in four months.

There is another suit against W.
B. Smith individually. It charges
that he sold to the plaintiff a note
for \$5,000, made by George C. Wal-
lace, H. H. Loving and J. C. Flour-
noy, dated April 29, 1905, and pay-
able in ninety days and bearing the
indorsement of the defendant. There
is a further claim in this suit for
\$640 on alleged overdraft.

A third suit names W. B. Smith
and Shepherd Green defendants. The
suit is on a note dated May 13, 1905,
and indorsed by Smith.

A second paragraph states that
Green on April 24 executed a note
of \$1,500, indorsed by Smith, pay-
able to the bank, which has not been
met.

As collateral in the latter case
there are thirty shares of stock in
the National Transportation com-
pany subject to a lien of \$1,500.

A fourth suit is against W. B.
Smith and Roy C. Smith, on a note
for \$2,500, dated May 13, 1905, and
payable in four months.

The last suit is against W. B.
Smith and L. C. Garrett for \$1,500,
claimed on a note dated January 14,
1905, and secured by 147 shares of
Madison Lead company stock.

He will enter into the confection and
bakery business in that city. His
wife is in Paducah visiting relatives
and will follow him in a few days.

To Address High School Tomorrow.

Prof. E. H. Randle, an educator
from Mississippi, who is visiting in
Paducah, will address the High
school tomorrow. Prof. Randle was
to have lectured the High school last
week, but it rained and his lecture
was postponed. He was a former re-
sident of Paducah and is a celebrated
educational writer and lecturer.

First Horse Show Was a Financial Success, as Well as a Social Triumph

Paducah's first horse show was a
financial as well as a social success.

It is believed that about \$350 will be
cleared. The gross receipts were
about \$1,350, and the expenses about
\$1,000. The weather was against
the horse show, but each night it
was well patronized, and its success
assured a larger one next year.

The Horse Show Association has
issued the following resolutions of
thanks:

The Horse Show Association asks
to thank the citizens for their liberal
support and hearty co-operation in
their first effort. The success was
greater than was anticipated and
such an event would be possible only
in Paducah, where every citizen's en-
deavors are for any enterprise that
will help the city.

The success of the event was made
certain by the splendid work of the
ladies' committees and the support of
the press, who have assisted in every
way possible.

The splendid condition of the
grounds was due to the untiring work
of Mr. Ben Frank and Mr. Henry Ry-
dy. We also wish to thank the street
railway company management and the
management of the baseball as-
sociation for assistance rendered us.
Also Dr. J. V. Voris and Saunders

Fowler for contributing services to-
ward the success.

Encouraged by the success of the
show, we promise to give a better
and greater horse show next fall, with
the hearty support and aid of the
Paducah people in general.

Saturday afternoon's farmers'
events resulted as follows:

Brookdale Boy, owned by Mills &
Bradley, of Murray, won the prize as
the best registered trotting stallion.

The contest for the best pair of
mules was won by Mr. Pearson, of
Graves county, who is said to have
the best pair of mules ever seen in
Western Kentucky.

The special Shetland pony stallion
event was won by Priestley & Bieder-
man, of Paducah. They also took
the second prize.

Refugees Go to New Orleans.

Capt. H. R. Higbee, of New Or-
leans, and family, who have been vis-
iting the family of Capt. M. N. Mul-
len, of Trimble street for the past
month, will return home this after-
noon. Capt. Higbee and family left
New Orleans for Chicago two months
ago to escape yellow fever and after
remaining a month in Chicago, came
to Paducah and spent a month.
